Admissions

If you have never attended Forsyth Tech or have attended and wish to change programs, follow these steps:

1. Apply by mail or take a completed application to the Admissions Office, 123 Allman Center.
2. Forward official transcripts from high school and all post-high school academic work.
3. Schedule the placement test by calling 734-7448, (test times are available daily) or submit Scholastic Aptitude Test (SAT) or American College Testing (ACT) scores (scores are valid for five years).
4. After receiving an approval letter from the Admissions Office, you will be notified of your registration dates and times.

Additional requirements may exist for certain Health Technology programs. Contact the Admissions Office or visit www.forsythtech.edu for more information.

Note: A special credit student is one who is taking one or more program credit courses, but who is not enrolled in a specific program. Special credit students may not need placement testing and will need transcripts only if they plan to enroll in classes with prerequisites. Contact the Admissions Office for specific requirements.

Costs

Tuition: Students enrolled for 12 credit hours are considered full-time. Students will be charged per credit hour up to 16 credit hours.

In-State Residents	\$ 35.50 per credit hour
Out-of-State Residents	\$197.00 per credit hour

Normal tuition rates will apply if courses are taken in the Learning Center. Senior Citizens with proof of age 65 are not charged tuition, except for self-supporting Corporate and Continuing Education courses, but are required to pay other fees. Supply fees are set to meet instructional needs in certain types of courses.

Fees:	Student Activity Fee (non-refundable)\$9.00
	Parking Permit (non-refundable)\$10.00
	Lab Fees\$12.00 - \$65.00
	Books/Instructional Materials\$50.00 - \$400.00
	Technology Fee: 1-11 Credit Hours\$10.00
	12 or more Credit Hours\$16.00

Note: Students in health programs who are assigned to clinical settings will have additional costs for uniforms, liability insurance, parking fees, and other requirements. Certain PE classes may require additional fees.

Financial Aid is available. Forsyth Tech awards over \$4 million per year to eligible students. Contact the Office of Student Financial Services, (336) 734-7235, for an appointment or to request information and applications.

Business Technologies

Programs in the Business Technology Division are designed to introduce students to various aspects of the free enterprise system.

Of the programs offered, the Business Administration program provides students with the broadest understanding of the business world. Graduates with an Associate in Applied Science (A.A.S.) degree in Business Administration can find employment in government agencies, financial institutions, and large to small businesses and industries.

Some programs in this division, such as accounting, banking and finance, customer service, and office systems technology give students the skills needed to perform specific jobs in a business, industry, or government agency. Other programs such as paralegal, medical assisting and transcription, and funeral service prepare students to

work in a particular type of business or industry.

Students who complete an A.A.S. degree in the business technology division may transfer to a four-year institution that has an articulation agreement with Forsyth Tech. A listing of four-year institutions and the Forsyth Tech programs they accept is available at the Allman Center Information Desk.

Students planning to transfer should contact the degree granting college or university for complete information.

Accounting

Associate in Applied Science Degree and Diploma Program

These programs are designed to teach students to assemble and analyze, process, and communicate essential information about financial operations.

Program Length

Degree:	Day	-	5 Semesters, includes 1 Summer Term
	Evening	-	13 Semesters, includes 4 Summer Terms*

Non-Credit Courses

The college offers non-credit business courses that are available year-round, taught both online and in the classroom. Non-credit courses can be taken on a stand-alone basis or to complement a credit program of study. They are designed to upgrade employability skills and may also be used to prepare for professional certification exams and as an introduction to some certificate, diploma and associate's degree credit programs.

Continuing Education Units (CEUs) at the rate of one CEU per classroom hour are awarded upon successful completion of a non-credit course. CEUs are not transferable to credit hours. However, the knowledge gained may be applied to "testing out" of a credit course if one takes a non-credit course and subsequently enrolls in a closely related credit program of study. There is a fee associated with this option and it must be approved by the appropriate academic advisor.

Non-credit seminars are available through the Small Business Center. Designed for entrepreneurs, the seminars provide information about business start-up, development and operations. CEUs are not awarded for seminar participation. Entrepreneurs can also receive business counseling, reference materials, and referrals to other business assistance providers by visiting the Small Business Center.

To view a schedule of non-credit courses and seminars, course and seminar descriptions, to register, and to order textbooks, log on to www.forsythtech.edu and click on the Corporate and Continuing Education Services page. Some of the non-credit courses include:

- Customer Service
- Human Resource Management Certification Training
- Internet Marketing on a Shoestring Budget
- Just in Time
- Office Technology
- Project Management
- Purchasing
- Start and Grow a Successful Business
- Starting a Business from A-Z
- Supply Chain Management
- Telephone Professionalism
- Time Management
- Writing a Business Plan That Works

Non-Credit Registration

An admissions process is required for some of the non-credit business courses. For help selecting a course or to learn more about the admissions' process, contact the Corporate and Continuing Education Customer Service Center and a skilled professional will help you select an appropriate course. Registration can be completed online, by phone or in person. For complete registration information, go online to www.forsythtech.edu, call the Customer Service Center at (336) 761-1002 or visit the center Monday-Friday between 8 a.m. and 6 p.m. at the Forsyth Tech West Campus, 1300 Bolton Street, Winston-Salem.
